

Ash Memorial Fishing Comp & Treasure Hunt Fish Scoring Photo

What Constitutes an Acceptable Competition Fish Scoring Photo?

- Use an approved measuring mat inspected at check-in.
- The entire fish must be clearly visible from head to tail.
- The mouth must be closed, touching the end plate of the mat with no wrinkles.
- The fish must not be stretched or bent to increase its apparent length.
- Take the photo from directly above, centered over the fish.
- The fish and measuring must be on a flat surface.
- Measurement markings on the mat must be visible in the photo.
- The unique token provided by officials must be clearly visible in the photo.
- Photos must not be digitally modified (cropping, editing or resizing). Any manipulation will result in disqualification. The Judges' Decision is final.
